Structured walkthrough for Breakflix

Made by Henry (and Benjamin J)

How to use Breakflix

Running the program

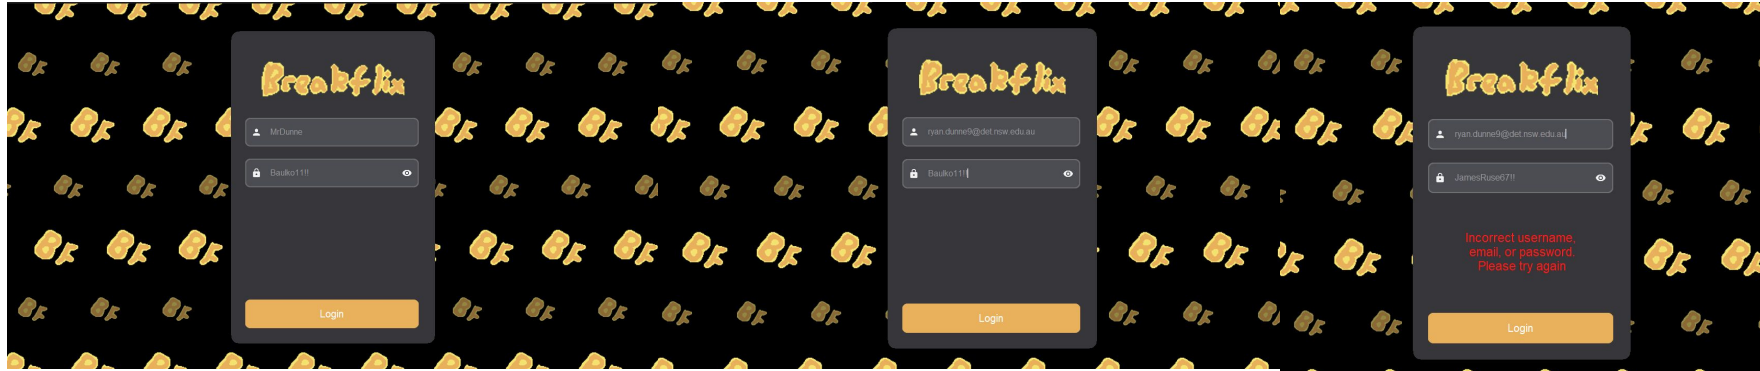

Step 1

Install requirements:
`pip install -r requirements.txt`

Step 2

Run the program:
`python main.py`

Login as Ryan Dunne

Use MrDunne or ryan.dunne9@det.nsw.edu.au
and
Baulko11!!
to login to breakflix

NOTE: The login is
case sensitive and
whitespace
sensitive for
security.

If you type an
incorrect username,
email, or password,
you will be
prompted to try
again

Navigation

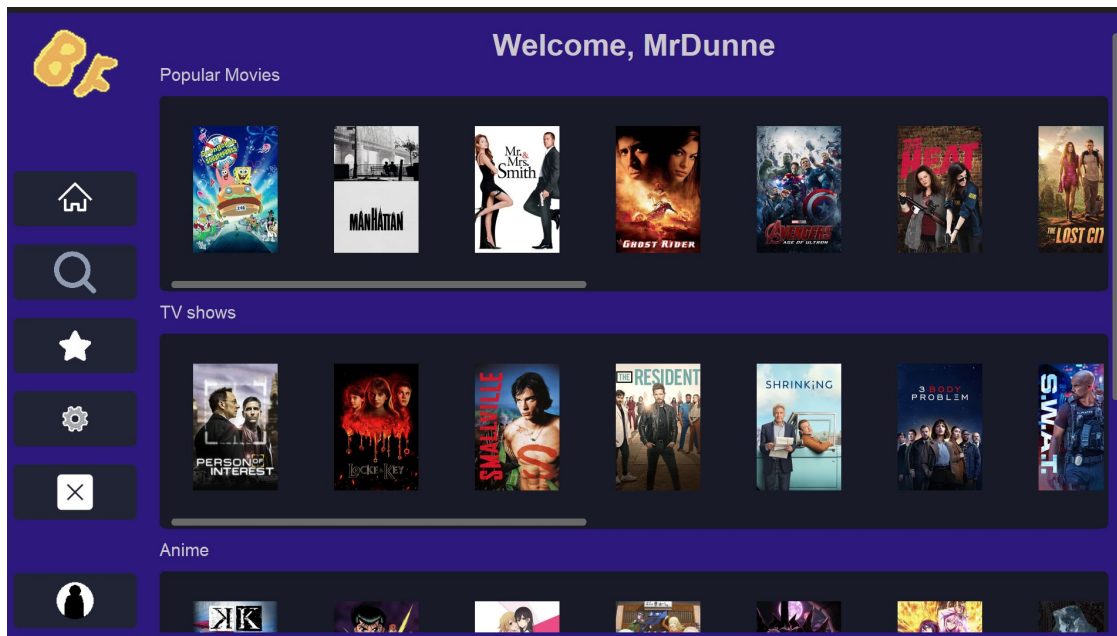

Home tab

The home tab has popular movies, tv shows, anime, and anime movies for you to explore.

You can click on these movies and star them and watch them. You can also scroll down and across using the bars or scroll wheel

On the left, there is the different tabs.

There is: Home, Search, Starred movies, Settings, Quit, and Account. Click on the side buttons to navigate the app. Enjoy!

Changing Profile

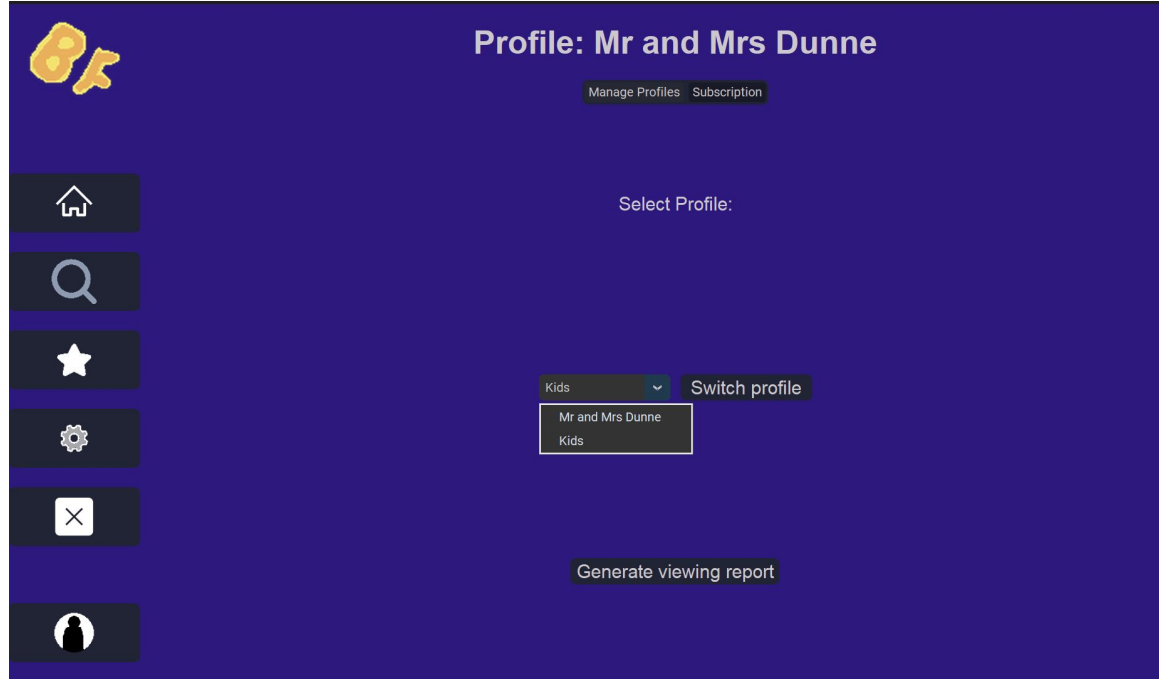

Changing profile

To change profile, navigate to the account tab by clicking on the bottom left.

Then, click on the dropdown and select the profile you want to switch to

Then, click the switch profile button on the bottom

Now, you can hand your device to your family to use without worry thanks to our age restriction and filters for media.

Subscription

To upgrade your subscription plan, click on the Subscription tab.

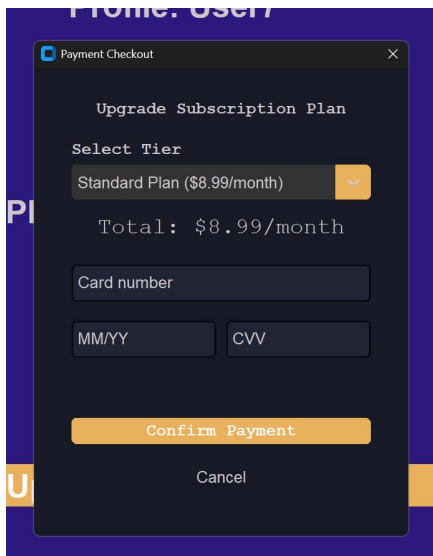

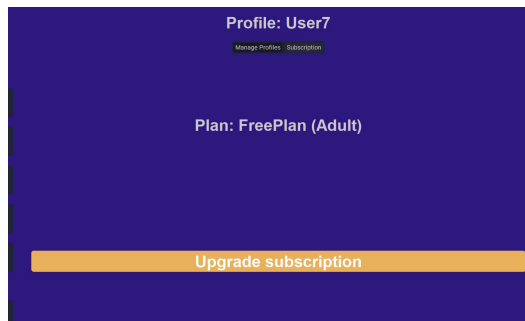

You might need to close the app and log in as a different user which isn't already at PremiumPlan to see this.

user7 with password
AnOriginalPassword67

Click on "Upgrade
subscription"

Note: Child profiles cannot
upgrade subscription.

Upgrading Plan

Subscription

A window will open with the
payment checkout

Select the tier you want to
switch to (Standard or
Premium) and enter your
details

Then click confirm payment
to pay and subscribe(or
cancel to cancel)

Higher tiers have more
access to movies in the
Home screen and search.

Searching

To search, click on the search icon on the left.

You can type in the Search bar and press enter for results, and/or enter filters and sorting methods and media type

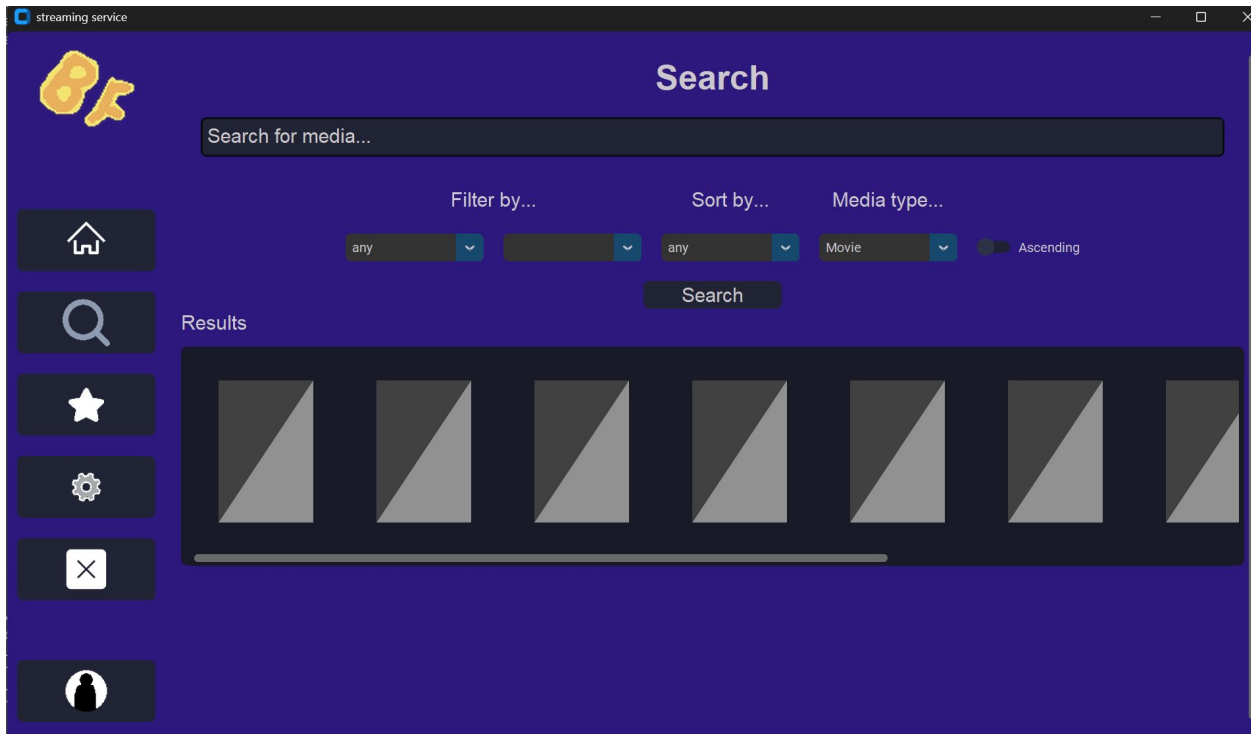

You can sort by score rating, length, and popularity. Note: length sorting and filtering does not work on tv shows and anime as these have multiple episodes

Click on the Search button to search or press enter in the search bar

To watch a media, click on the poster.

Searching

NOTE: The search has non-latin characters e.g. é in pokémon. you can search pok for pokémon results

Starring movies

To star a media, click on the "Add to favourites" button after clicking on a media poster.

Now, the movie will appear in the starred media frame.

Here, it will show all starred media. You can unstar media by clicking on "Remove from favourites" button found in the same place.

Starring
